Please state voltage. See Code. Code: 1 120 volts  
2 277 volts

## Metal Halide

The reflector for our metal halide fixtures is finished with a highly reflective white powdercoat finish, which is also easy to maintain.

Ballasts are encased and potted, thermally protected with dual taps for 120 or 277 volts. Usually the ballast is mounted in a remote location. In the event this is not possible, the ballast may be mounted in specially designed, decorative traditional or contemporary canopies appropriate to the fixture style.

## Acrylic Bowls

CODE	CODE
White Opal W	Satin White S
Faux Alabaster F	Earth Marble M

## Finishes

45" and 55" bowl diameter fixtures available in painted finish or Brushed Aluminum only.
